07 — VERIFIED RECORD

THE EVIDENCE, WITHOUT THE CINEMA.

A due-diligence record for assessors, journalists and partners. Each entry states the claim, its status, the period it covers, its source and the date it was checked.

Last checked: **3 September 2026**

- ✔ Verified — matches an independent public record
- ⓪ Pending evidence — document needed, not yet checked
- ✗ Not verified — the public record does not support it

Prepared as supporting material for a King's Awards for Enterprise application. It is not an application, and it makes no claim the public record does not support. Where a test is not met on the register as it stands, the record says so.
